Little Red SCHOOL HOUSE Project

Little Red Schoolhouse Project

is committed to providing school supplies and backpacks to low income families so that children in Thurston County can begin the school year with basic necessities and have a successful school year.

Can you imagine deciding between food and heat for your family or a backpack, notebook or crayons for your child to go back to school? Each year some parents face exactly these choices. For students who are already struggling, having basic school supplies and clean, decent clothing can make a HUGE difference! Our vision is to send kids back to school with pride!

What Can I Do?

- Purchase extra school supplies or backpacks and bring them to drop-off sites in August.
- Put a box or bin at your office, church, or business to collect school supplies.
